EDUCATION

Bachelor of Engineering in Computer Science, Thakur College of Engineering & Technology *June 2023*
CGPA: 9.8/10

Higher Secondary Education (HSC), Maharashtra Board *March 2019*
Percentage: 86.15%

Secondary School Certificate (SSC), Maharashtra Board *March 2017*
Percentage: 87.20%

TECHNICAL SKILLS

Languages	Java, JavaScript, TypeScript, C++, Python
Frameworks	Spring Boot, MERN Stack, Microservices Architecture, React Native, Expo, Angular
Tools	Git, VS Code, IntelliJ, Docker, Android Studio
Databases	SQL, MongoDB, Firebase

PROFESSIONAL EXPERIENCE

Senior Software Developer, Qess Corp, Mumbai, India *June 2025 - Present*

- Lead the full-stack development of the Global Research Portal, GRP Admin and Comet application using Java, React, React Native (Expo) & Spring Boot, managing frontend, backend, & mobile app development.
- Contributed to the development of NAIRA, integrating AI-driven insights and automating research workflows using LLM-based APIs.
- Collaborating with cross-functional teams to convert business requirements into technical solutions, ensuring smooth integration, maintainability, and performance optimization across the platform.

Java Full Stack Developer, Kotak Life, Mumbai, India *May 2023 - June 2025*

- Contributed to the development of the Optimus Portal, an omni-channel solution for policy sales, utilizing Java, React, TypeScript, Node.js, Spring Boot, and MongoDB.
- Played a key role in building the Where-Am-I Portal, an internal tracking platform, managing both front-end and back-end (Node.js) with technologies like JWT, Redis, and Express.js.
- Worked on KAIRA (Kotak AI Research Assistant), enabling AI-based query handling and improving internal research efficiency through intelligent data processing.

INTERNSHIP

Kotak Life *Dec - May 2023*
Java Full Stack Developer *Out-house*

Growfitter *Jan - May 2022*
Backend Developer *Out-house*

CERTIFICATIONS

- Certified in Node.js Development
- Certified in Programming Fundamentals (C/Python)

ACHIEVEMENTS
